WHAT CURRENCIES ARE ACCEPTED?

Your Silver Bullion Account gives you a multi-currency Cash Balance functionality that allows you to keep balances in Singapore Dollars (SGD), US Dollars (USD), Euro (EUR), British Pounds (GBP), Canadian Dollars (CAD), Australian Dollars (AUD) Swiss Franc (CHF), or Hong Kong Dollars (HKD). If you are funding your Cash Balance with other currencies, you can:

Convert your funds into one of their accepted currencies, then wire the funds to them. This will allow you to control the currency conversion rate. Your bank's foreign exchange department can assist you in buying the desired currency, and then they will debit your account and send the funds directly to us;
OR

Send your funds to the bank account for the currency you want it converted to, and our bank will sell it for the currency of the receiving account. We will credit your Cash Balance with the converted funds, but you (and we) will have no control over the conversion rate which the bank uses.
